THE HEART OF AMERICAN CHARM

REDISCOVER

Outdoor Living

Welcome...

TO OUTDOOR LIVING!

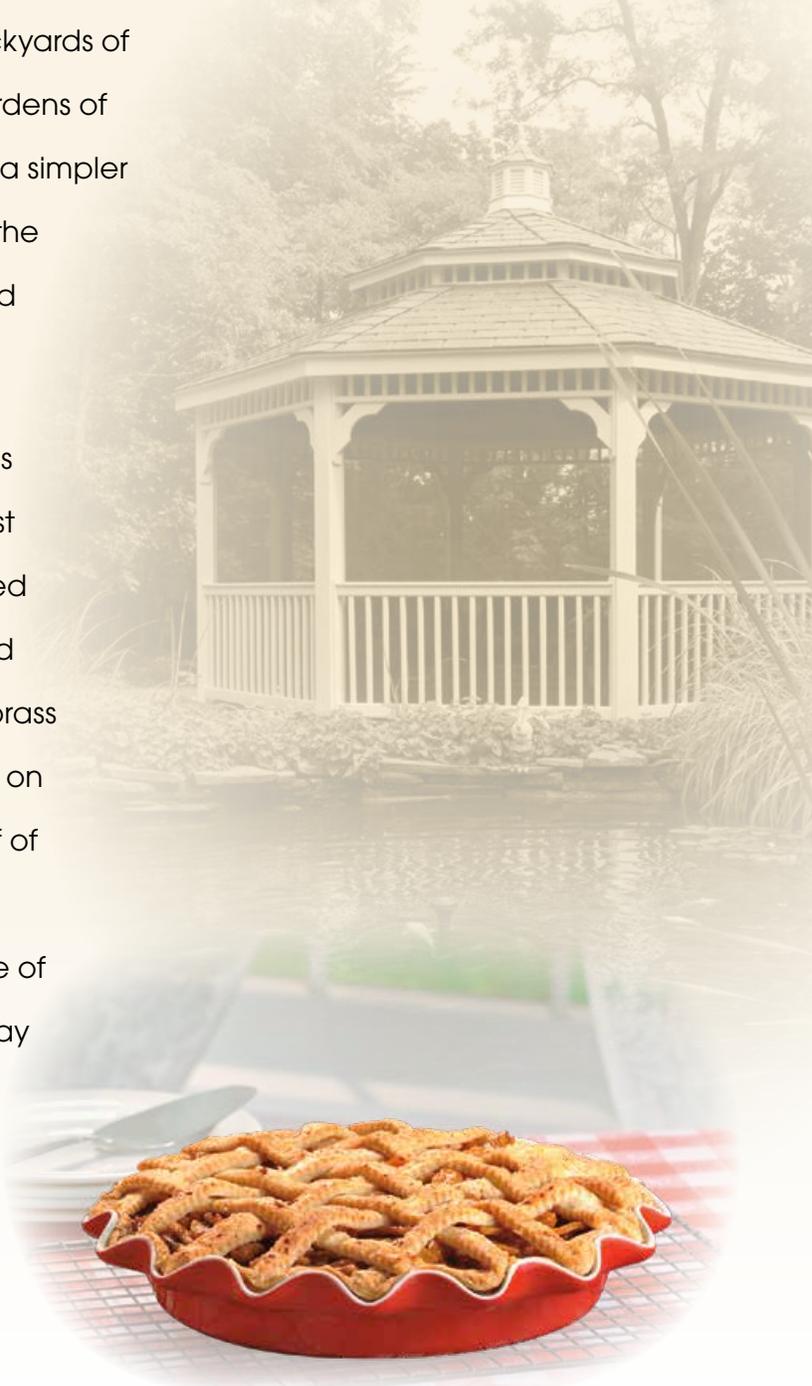

REDISCOVER

the pleasures of outdoor living in your own backyard.

From coast to coast, gazebos grace village greens, the backyards of country farmhouses, and the gardens of grand estates. They remind us of a simpler time – an era when we enjoyed the pleasures of life more and worried a lot less.

Explore our handcrafted gazebos and you'll feel the difference. Just one look and you'll be transported back in time. Close your eyes and you might hear the sounds of a brass band playing from gazebo steps on a sunny 4th of July. Catch a whiff of homemade apple pie cooling on a nearby windowsill. Bring one of these classic gazebos home today and rediscover outdoor living.

Your family will thank you.

The Heart of Craftsmanship

At the heart of craftsmanship lies a strong desire to create something beautiful that will deliver a long lasting satisfaction for the recipient. There is a deep feeling of gratification that comes from knowing that your efforts have produced a quality product that will be used and enjoyed for years to come.

Many of our team members grew up on Amish farms, where they learned the value of hard work and dedication. Our entire team is committed to each project and pays close attention to every detail.

WOOD QUALITY FEATURES

Our standard wood gazebos are made of pressure-treated southern yellow pine. Our heavy-duty floor consists of double 2x6 joists and solid 2x6 wood decking boards. The 4x4 posts are laminated as standard, and support 36" high hand railings. They come with arched corner braces and 6" top spindles. The roof is built with double rafters, and sheeted with beautiful 1x6 tongue & groove boards, covered with roofing paper and architectural asphalt shingles.

Endurance

Extra Strong - 2"x6" Decking

2x6 decking means strong construction, plus our hot-dipped galvanized screw nails are designed to stay seated for a lifetime.

Stability

Laminated Posts

Our laminated posts resist checking and add strength while giving your gazebo a custom look.

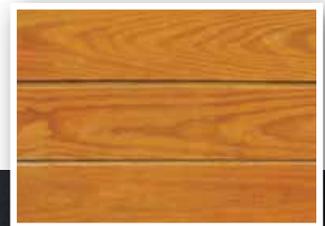

Supportive

Heavy-Duty Railings

The railings on your gazebo are built to last! We utilize heavy-duty lumber to resist wear and vandalism.

Quality

#1 Premium Grade Lumber

We use only the highest quality lumber for your gazebo. We mill every piece in-house to reduce splinters and rough edges for a smooth finish and better feel.

QUALITY BUILT

Gazebos

We make every outdoor structure with your satisfaction in mind.

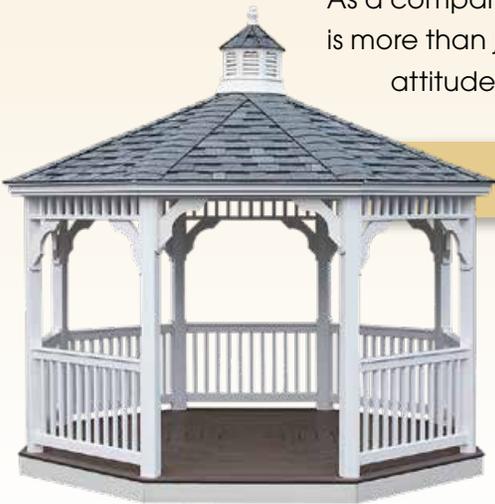

KEEPING GREEN!

The awareness to preserve our environment is an important element of our company. As a company we employ many different techniques to keep green.

Our gazebos are hand crafted in an environmentally friendly atmosphere. Each craftsman is responsible to hand select each board and utilize the maximum value of that board. By being vigilant, we maximize the value of our natural materials. In addition, we use many recycled products. Our composite decking, rubber slate shingles and vinyl products are made from 50-80% recycled material. We then collect our scrap and send it back to be recycled again.

In 2010 we installed a solar system on building one, followed in 2013 with a second solar system on building two. With these two systems together we have a large 200kw system that produces enough energy to supply ¾ of our current electrical requirements.

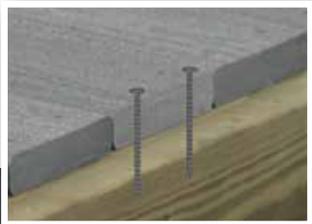

As a company, we are conscientious of our impact on the environment. Keeping green is more than just adding solar panels and recycling. It is also part of the values and attitude imbedded in our company.

VINYL QUALITY FEATURES

Our standard vinyl gazebos are made of pressure-treated southern yellow pine covered with vinyl. Our heavy-duty floor consists of double 2x6 joists and 1" thick maintenance-free composite decking boards. The posts are constructed of a white vinyl 4x4 sleeve with a solid wood core, they support 36" high rails as standard that come with arched corner braces and 6" top spindles. The roof is built with double rafters, and sheeted with beautiful 1x6 tongue & groove boards covered with roofing paper and architectural asphalt shingles. The underside of the roof is coated with a rich mahogany stain for a beautiful hardwood appearance.

Maintenance-Free

1" Thick Composite Decking

Composite decking means there's no need to paint or stain your decking. Long-lasting color matched composite screws hold your decking in place.

Beauty

Seamless Corner Caps

Give the base of your gazebo a seamless look and high quality finish.

Stability

9" Stabilizing Screws

This hidden, but very important part ties the roof and braces together for added lateral strength.

Endurance

Reinforced Vinyl Posts

These posts give the structure the rigidity needed to weather all the seasons.

VINYL OCTAGON

12' OCTAGON GAZEBO

Country Style, Cupola, Pinnacle Roof

Few investments yield as many rewards as our handcrafted gazebos. The richest reward just may be how it brings your family closer together.

Rediscover what matters

Cupola

A finishing touch for the roof of your gazebo.

Crown Moulding

Add a finished roof edge to your vinyl gazebo with this crown moulding detail.

Electric

Add an electric package and enjoy your gazebo well into the evening hours.

WOOD OCTAGON

12' OCTAGON GAZEBO

Dutch Style, Cupola, Screens, Cedar Stain

OCTAGON

Gazebos

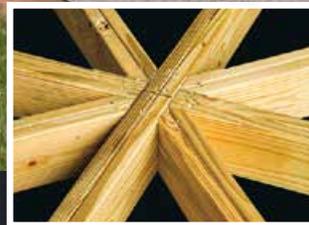

Octagons are the time-honored gazebo shape. This style gives you a classic look for comfortable living.

most in life ... family!

Durability

Rigidity

Double 2"x6" Floor Joists

Help prevent warping of joists and popping of floor boards. They allow for a better straight down fastening of the floor board, giving your deck a stronger, longer-lasting life.

2"x8" Top Plate

The compression ring ties the rafters and posts of your gazebo together for additional snow load capacity and wind resistance.

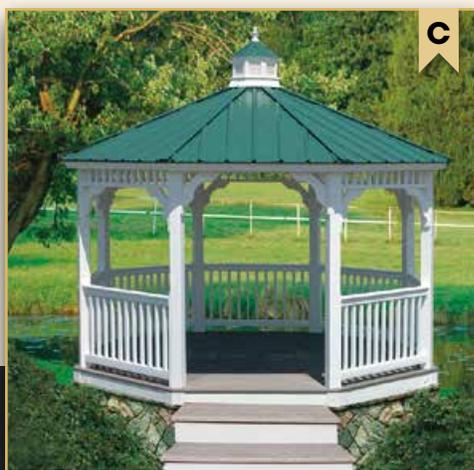

Family time is precious – don't waste a second of it. Give your family the very best by choosing the perfect gathering place. You'll be amazed how little moments like a family picnic transform into lasting memories your children or grandchildren will remember forever.

IMPORTANT NOTICE:

Colors printed in this brochure may not be accurate, and should be used as reference only. When color selection is critical, please refer to actual color swatches available at your dealer location.

11 CHOOSE FULLY ASSEMBLED OR KIT

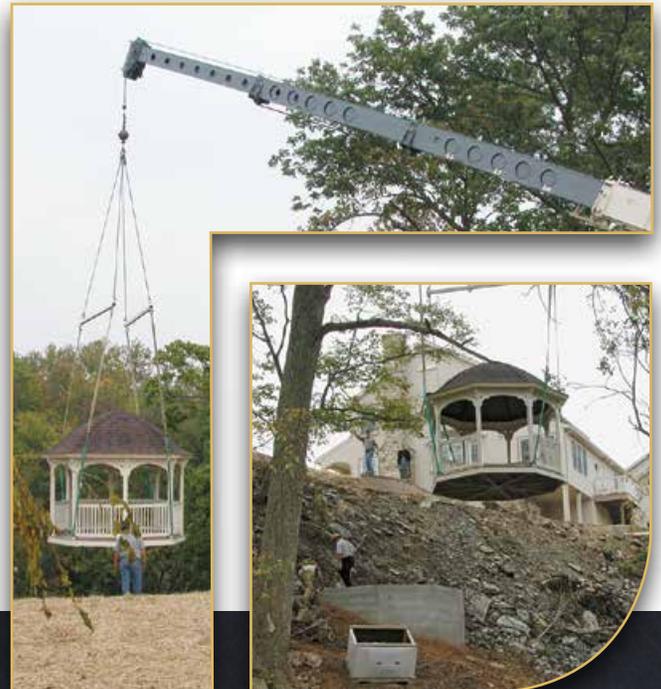

KITS

You deserve the gazebo of your dreams. That's why we personalize your delivery and set-up options. For those who enjoy weekend do-it-yourself projects, our gazebos come in easy-to-assemble kit form. By purchasing a kit, you're able to assemble your gazebo virtually anywhere. High decks or densely wooded areas are not a problem. This flexibility allows you to use your imagination when choosing a location for your gazebo.

FULLY ASSEMBLED

Our quality-built, fully-assembled gazebos are perfect for customers who wish to have their gazebo delivered in an easy-to-reach area. We will deliver your gazebo with gentle care and sensitivity to your landscape. For more difficult terrains, our gazebos are strong enough to be craned in.

Our Customers

QUALITY BUILT

Gazebos

Many home owners, companies, local and federal governments have purchased our structures and use them everyday. We have also sent many of our structures overseas to places like England, Africa and parts of Europe. It has been our pleasure to serve all of our customers. The following is a list of just a few of the places you can find our gazebos throughout the United States and the world.

- Chincoteague National Wildlife - VA
 - Artesian Water Company - DE
 - Taz Amusement Park - NY
 - Marine Corps Base - VA
 - United States Navy - PA
 - Vines Park - GA
 - Bush Garden - FL
 - Equestrian Sports Production - FL
 - MTV Real World - Chicago
 - The Flamingo - Las Vegas, Nevada
 - Board Walk - Atlantic City
 - Spruce Meadows Equestrian - Canada
 - Lome, Togo - Africa
 - Kingwell Hall - England
- ...and with thousands of other satisfied homeowners and businesses.

“We enjoy sitting in our gazebo while reading and relaxing. We also picnic in it and eat many of our meals inside. The gazebo keeps us dry in the rain, and the screens keep the bugs out.”

“I wanted to let you know that we are very happy. You delivered our unit exactly when we needed it and finished our beautiful room on time. Your workmanship was great, and the overall quality of the room is excellent. Thanks again.”

“The kit was very easy to assemble and everything fit perfectly. The gazebo has been a wonderful addition to our yard. It’s nice to know that fine craftsmanship and customer service still exist. Thanks for everything!”

“We use our gazebo to sit down and relax in, also to get out of the sun and eat lunch. The installation guys did a good job. Everybody loves it and we get lots of compliments.”

“I like the quality workmanship and sturdiness of the gazebo. Our new gazebo kit was great, and even our contractor commented on the quality and ease of assembly. We went with you because of the quality, best design and features you offer.”

We appreciate each and every customer we serve. Thank you to all of you who have taken the time to write and tell us how much joy and relaxation you have gotten out of our gazebos. We have included many photos and testimonials from our customers in this brochure for everyone to read and enjoy. So from all of us....

Thank You!

Imagine the Possibilities!
