# About Leisure Lawns Collection

---

Leisure Lawns Collection was built on the heritage and tradition of quality Amish craftsmanship. In 1987, a young Amish farmer in Lancaster County, Pennsylvania, started building wooden lawn furniture as a way to supplement his income. As he began offering them for sale at local farmers markets and shops, the customer interest grew. He began expanding his product line to include more wooden lawn furniture. Years later, the introduction of maintenance-free poly brought more changes to the Leisure Lawns Collection. Many of the wooden styles were adapted to poly, making the furniture more durable and colorful. Leisure Lawns has now been producing poly furniture for fourteen years and continues to introduce new designs and continues to improve on their other designs.

Eventually, Leisure Lawns outgrew its space on the farm and moved to a larger facility in New Holland, PA. We now operate in a 14,000 square foot manufacturing facility with a 16,000 square foot warehouse. This increased warehouse space allows us to keep more inventory on hand, helping to ship products in a timely manner.

After 30 years in business, Leisure Lawns Collections is still run by a family member of the Amish farmer who started the business. Leisure Lawns is continuously improving its products and adding new ones and is now shipping furniture all over the United States and Canada. At Leisure Lawns, we still place the highest value on hard work, superior craftsmanship and customer satisfaction.

# Why Choose Leisure Lawns?

- **Poly Construction**

Produced with plastic lumber made from high-density polyethylene which would normally be disposed into our landfills.

- **22 Poly Colors**

Nineteen beautiful poly infused with color and UV stabilizers along with three rustic colors (see pages 17 & 37).

- **Maintenance-Free**

Our furniture will not rot, rust or fall apart from wear. It does not require painting and is built to endure harsh weather.

- **Thicker Leg Construction**

The legs of our poly furniture are 1½" thick by 3½" wide giving our furniture additional strength and stability.

- **Stainless Steel Fasteners**

We use high-quality stainless steel fasteners on all of our poly furniture which are proven to be more resistant to corrosion.

- **Quality Assurance**

All of our furniture is made using only the highest quality products allowing us to stand behind our products knowing it will serve you well in the years to come.

## Poly Furniture Care

Clean your poly furniture regularly with a non-abrasive soap and water to ensure the continued beauty of your furniture. While most of Leisure Lawns colors will only need to be cleaned a few times a year, colors like white, gray or ivory and other of our lighter colors will need to be cleaned more frequently to maintain their original beauty. With our lighter colors, spray the furniture with a non-abrasive cleaner then wipe the furniture with a cloth and rinse off with warm, clean water. We would not recommend using a pressure washer. But if you choose to use one, do not hold the pressure washer too close to the furniture. It may cause the material to tear away so be sure to hold the top more than 12" away from the furniture.

Do not place items on the furniture that will leave a stain. Do not place hot items directly on the furniture. If properly cared for, you will be able to enjoy your poly furniture for many years!

## Poly Furniture Warranty

Colonial Road Woodworks, LLC (hereinafter "CRWW"), warrants to the original purchaser, that for the period of twenty (20) years of residential use or five (5) years of commercial use from the date of original purchase, that its high-density polyethylene (HDPE) outdoor furniture shall be free of manufacturer defects in workmanship and materials unless otherwise noted in warranty. CRWW will replace or repair the product without charge for materials and labor, providing that our inspection indicates that a manufacturer defect exists. Should CRWW choose to replace the product, and the product is no longer being made by CRWW, a substitution of similar performance and equal or greater value will be made. CRWW HDPE products are made with UV inhibitors to minimize fading, however upon prolonged exposure to the sun all colors will fade to some degree. CRWW stainless steel fasteners are warranted to not fail structurally for the applicable warranty period. Hardware such as gliders, swivels and brackets are only warranted for two (2) years. If not maintained, stainless steel may corrode in certain extreme conditions (coastal areas). Damage caused by unauthorized service or repair, alteration of the product, normal wear and tear on materials, abuse or misuse, or abnormal use of the product shall void this warranty.

This Limited Warranty is in lieu of all other warranties either expressed or implied.

**Contact us at [leisurelawncollection.com](http://leisurelawncollection.com) or email to [crww@pcfreesmail.com](mailto:crww@pcfreesmail.com).** To place a claim, explain the nature of the original defect and include your name, address and telephone number. In event of non-warranty repair, you will receive an estimate prior to any repair work being done.

## Stainless Steel Fasteners

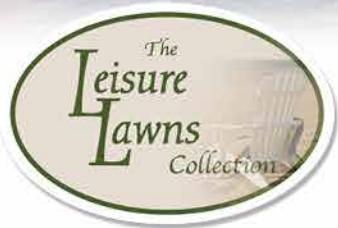

We use stainless steel fasteners on all of our **poly furniture**. Stainless steel fasteners are proven to be more resistant to corrosion. We use high quality stainless steel to ensure superior protection when exposed to the elements. However, in extreme conditions, such as coastal areas where extreme humidity is present, stainless steel hardware may require more cleaning and maintenance to avoid rusting. You should regularly wash or rinse your furniture with fresh water to avoid rusting.

Our stainless steel fasteners are warranted to not fail structurally for the applicable warranty period (20 years residential use; 5 years commercial use). Hardware such as gliders, swivels and brackets are only warranted for two (2) years. If not maintained, stainless steel may corrode in certain extreme conditions (coastal areas).
