Cabana

12'X18' VINYL CABANA

With a Double Door, Customer-installed Cupola, and Weather Vane

STANDARD FEATURES

The Cabana comes with a single 15-lite glass door and two windows on the front wall. The windows and doors include insulated glass, trimmed with 1x3s and a decorative keystone trim for added elegance. The Vinyl Cabana is available in many colors in either Standard Dutch Lap or upgraded Cellular Vinyl Siding. You can also choose a Wood Cabana, available in either cedar or knotty pine siding. Add one of our many stain or paint options to the wood siding to match your home. These Cabanas are built strong to meet many of the local code requirements.

Inside you will find a beautiful horizontal 1x6 T&G pine interior with a linoleum floor. This finished interior comes with an electrical package that includes a switch to control power to the ceiling and electrical receptacles spaced to meet code requirements. This will create the perfect backyard office or getaway.

CEDAR WOOD

Tea House

Our Tea Houses are made for easy delivery and installation by any homeowner.

STANDARD FEATURES

Built from #1 western red cedar, this one of a kind structure will be perfect for your backyard retreat. The Tea House comes standard with a single 15-lite door and sliding glass windows with screens. The lower wall sections are built using 1x10 raised panels for a unique look and warm feel.

The rafters are made of double southern yellow pine boards to carry the heavier snow loads. The roof decking is made from beautiful southern yellow pine 1x6s for additional durability and charm. They are covered with a 30-year asphalt shingle as standard.

This Tea House is engineered to withstand 60 lbs snow load and 150 mph wind speeds. This includes all of the necessary brackets and hardware.
